

01

VUCASIM DIVE Liveaboard

Corporate Wellbeing
& Team Building

02

Maintain high levels of productivity in a healthy way

Program designed to promote long-term health among employees and reduce the amount of money you spend on things like insurance, turnover, and paid vacation days

03

Wellbeing is a key factor determining an organisation's long-term success and effectiveness

**The power to improve
employee engagement**

03

State of mental and physical health

The overall emotional and physical condition of Executives, Managers & Project teams

04

04

05

Leading Complex Projects

Imaginative deep dives in leadership, vitality, and vigor for risk-taking, risk management, crisis management, and critical decision making, gathering experiences dynamically

05

**Team
Building**

06 VUCA Simulation Diving

A mix of theory from the forefront of scientific research, simple practical exercises, and works in a fun and safe hyperbaric underwater environment.

07

**Enhance
teamwork and
effective
performance**

Simulations conducted with Scuba Diving that are designed to identify the existing level of experience and increase it through the "real human element"

08

08

This enjoyable, fun and imaginative but serious training is the missing link between purely vocational training (theory) and the challenges of everyday business (practice).
Into the real Metaverse

Skin in the Game

Systemic Thinking and Acting

09

Addressing challenges, individuals exhibit authentic patterns of behavior, while becoming familiar with the dynamics of body motion under weightless conditions and VUCA conditions.
